Product Overview

Free 45-Day Road Test (U.S. only)

80,000 mile treadwear protection limited warranty (U.S. only)

The CS4 Touring is Cooper's premium luxury touring tire designed for drivers who want optimum ride comfort, sporty handling, all-season traction and attractive styling in a touring tire. The CS4 Touring is suitable for a diverse range of vehicles including passenger cars, minivans, small SUVs and crossovers (CUV).

R-Tech Construction

R-Tech construction utilizes several design features that work in concert to provide enhanced tire performance.

Coupled Silica Tread Compound

The chemically coupled silica and carbon black compound allows for superior wet traction without sacrificing tread wear. An optimized polymer matrix allows the compound to remain pliable at lower temperatures while contributing to lower rolling resistance.

Innovative 4 Rib All-Season Tread Design

The innovative 4 rib tread design incorporates numerous features to provide for excellent stability, traction and treadwear.

Ventless Technology

Utilizing ventless technology in the tread area, the CS4 Touring exhibits a crisp, clean, premium appearance.
